Exhibit Hall

Prince George's Exhibition Hall C-E

Thursday, July 12-Saturday, July 14
9 a.m.-2:30 p.m.

Grand Opening

Thursday, July 12, 9-10 a.m.

All exhibits are housed in the spacious Prince George's Exhibition Hall C-E. The hall will be filled with representatives from all aspects of industry: medical equipment and supplies, footwear, pharmaceuticals, practice management, marketing, publications, and more. Come in, peruse the aisles, shop, and make plans to return and learn more about the extensive line of products and services on display.

The hall is your hub for shopping, scanning, and socializing. Be sure to stop by often, and remember to thank the exhibitors for supporting The National.

Note: All lunches (except non-CECH lunches) and refreshment breaks take place in the exhibit hall.

Continuing Education Approval Statements

Podiatric Physicians

APMA is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. APMA has approved this activity for up to 27.5* continuing education contact hours (CECH).

** This number is based on attendance at all general session lectures, breakfast symposia, plenary lectures, and the poster abstracts symposium.*

Podiatric Medical Assistants

The American Society of Podiatric Medical Assistants is approved by the Commission on Accreditation of Podiatric Medical Assisting Certification as a sponsor of continuing education in podiatric medical assisting. Program participants may earn up to 27.5 CECH. Only 20 credits are required per year for certification renewal.

Opening Address

Rep. Brad Wenstrup, DPM (R-OH), the first podiatrist to serve as a US Congressman, will open The National with a keynote address Thursday morning. Now in his third term, Dr. Wenstrup, a veteran of the Iraq war and Army Reserve officer, has distinguished himself not only as a legislator, but also as a powerful advocate for veterans and the profession of podiatry.

Dr. Wenstrup is the primary sponsor of APMA's VA Provider Equity Act. The legislation would allow podiatrists serving within the Veterans Health Administration the same professional opportunities their allopathic and osteopathic colleagues enjoy, easing recruitment challenges that currently jeopardize quality health care for veterans.
